

# SCHEDULE OF BENEFITS

Michigan Conference  
of Teamsters Welfare Fund  
Schedule of Benefits

**KEY III**  
**3DN5B**  
July 2006

Health and welfare benefits play an important part in your life. They help you pay for doctor visits, prescription drugs, dental treatment, optical care and many other common health care needs. Your benefits also provide financial protection in the event of unexpected, catastrophic events such as hospitalization, surgery, disability or death.

**Your benefits.** If you are an eligible active participant, the Michigan Conference of Teamsters Welfare Fund provides you and your eligible dependents with a benefit Plan that includes important programs to help you meet your health and welfare needs.

These programs are explained in detail in the Summary Plan Description booklet. This Schedule of Benefits is part of the Summary Plan Description. You should read this Schedule with the booklet for a complete description of your benefits.

**Network options.** You have the option of using In-Network or Out-of-Network physicians, hospitals and dentists for your healthcare needs. In-Network physician services are provided through the Blue Cross Blue Shield (BCBS) PPO nationwide network for hospital and physician services with benefits paid at network levels. You may also use a BCBS Traditional or MultiPlan network provider subject to non-network limitations without any balance billing exposure. Prescription drug services are provided through Blue Cross Blue Shield under their nationwide network. In-Network dental services are provided through Delta Dental of Michigan under the Delta Premier nationwide network of providers. When you receive services from a BCBS PPO, or Delta Dental of Michigan provider, you will experience little or no out-of-pocket expenses.

In-Network mental health and substance abuse services are provided by Value Options and must first be prior authorized by calling Value Options at 800-457-8540.

When you use a provider that does not participate in the BCBS PPO or Traditional network, MultiPlan network, Delta Dental of Michigan network, or Value Options network, you will have higher out-of-pocket expenses and will be responsible for any amounts over and above the Plan's reimbursement.

You may visit the MCTWF's website at [www.mctwf.org](http://www.mctwf.org) to link to the BCBS, MultiPlan and Delta Dental websites to obtain up-to-date listings of network health care providers, hospitals and dental providers
